

April 2023 – KACO GmbH + Co. KG at the Battery Show Europe

KACO will participate as an exhibitor at Battery Show Europe 2023, which will be held in Stuttgart, Germany, May 23-25.

Battery Show Europe in Stuttgart is Europe's leading trade fair for advanced battery manufacturing and technology. With more than 770 exhibitors expected to attend, Battery Show provides a venue for any of your supply chain contacts - from raw materials to battery recycling.

KACO will present its latest solutions within the well-known battery architecture for battery packs, battery modules and battery cells, as well as e-mobility solutions.

We invite you to visit us at **booth 4-E36** and have interesting discussions with our experts about the latest innovations around battery technology.

KACO GmbH + Co KG, a subsidiary of the Zhongding Group, is one of the world's leading developers and manufacturers of high-precision, application-oriented sealing solutions for the automotive and mechanical engineering industries. The company, which is based in Germany, is characterized by the highest sealing quality and innovative strength and stands for recognized development and manufacturing expertise. KACO has six plants in Germany, Austria, Hungary, China and the USA and delivers its products all over the world. As a close partner of the automotive industry and its suppliers, the company has been keeping pace with the high demands and technical changes in the industry for decades.
